Dear SPARTANS,

Thank you for deciding to participate in Panhellenic Sorority Recruitment at Michigan State University. I, along with the rest of the Panhellenic Council, are all so excited for you to start your journey in joining Michigan State Fraternity & Sorority Life!

By choosing to join the Panhellenic community, you are choosing to become an involved student, a leader, a sister and part of something that will challenge you to be the best version of yourself. Within these next two weeks, you will have the chance to meet hundreds of fellow Spartans and make this Big 10 university feel a little bit smaller. Many of you will make connections and friendships that will last a lifetime.

We strongly encourage you to go through your journey with an open mind. At the end of the day, this journey is yours! Take your time with the process; do not give up if you do not end up where you expected yourself to be. This journey can come with its ups and downs, but the ultimate goal is for you to find your lifelong sisters. They will be the ones by your side through the brightest and darkest times. Even with all the craziness that might come with this process, it will fly by fast, so take the time to reflect on your experience, and do not forget to take care of yourself. Stay on top of your classes and make sure to work ahead with your homework. If you have any issues or concerns throughout this process or just want to talk, please reach out to your Recruitment Guides or any member of the Panhellenic Council.

We are here for you and want you to have the best experience possible. I wish the best of luck to you during your journey, and remember to be yourself and have fun. Go Green, Go Greek!

Sincerely,
Maddy Scott

The Panhellenic Council at Michigan State University is the governing body of the 14 National Panhellenic Conference sororities on campus. The Council is comprised of current sorority members who have disaffiliated from their chapters during recruitment in order to provide unbiased planning and support for all involved in the process. The Panhellenic Council strengthens the Fraternity & Sorority Community and is responsible for promoting scholarship, philanthropy, and safety for each sorority as well as the Fraternity & Sorority Community as a whole.

The Michigan State Panhellenic Association desires to build a community that reflects diversity and inclusion within our sorority chapters. We strive to make our campus stronger through our commitment to promoting diversity and creating positive change within the Greek community. Women of all backgrounds make up the Michigan State University Panhellenic Council and each individual is celebrated for her perspectives, ideas and contributions to her organization and to our entire community.

Creed of the National Panhellenic Conference

We, as Undergraduate Members of women's fraternities, stand for good scholarship, for guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation for furthering fraternity life, in harmony with its bets possibilities, is the ideal that shall guide our fraternity activities.

We, as Fraternity Women, stand for service through the development of character, inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.

- PNMs must attend all academic classes and labs during the recruitment period for the duration of the class scheduled time.
- Potential New Members must attend all of the events to which they are invited for the entire Formal Recruitment Week.
- No woman shall be allowed to join a National Panhellenic Conference organization during formal Fall Formal Recruitment, unless she has attended all events in each set to which she has invitations.
- Any Potential New Member who does not attend an event without a pre-approved excuse (ex: illness or other emergency) by the Panhellenic Council will be asked to leave the formal recruitment process.
- Potential New Members must attend the Formal Recruitment events at the time the computer has scheduled them to attend. This is to prevent confusion and mix-ups.
- Potential New Members may not contact any active sorority members during Formal Recruitment Week. Sorority members may not contact Potential New Members outside of scheduled Formal Recruitment events.
- Sorority members may not make promissory comments, or give oral or written invitations to join to any Potential New Members. Bids are to be issued only on the scheduled Bid Day. Contact a Panhellenic officer or Recruitment Guide if a situation like this occurs at any time.

First Year TIPS AND SUGGESTIONS

Tip #1: Take notes! The point of this booklet is to help you take notes and reflect after your time spent with each chapter. After Spirit Day, many of the 14 chapters may “mesh together” in your memory which is why it is important to take detailed notes after each party; you'll thank yourself later!

Tip #2: Don't stress about your outfit. While every woman wants to present herself in a positive way, remember that recruitment is not about the clothes. Members in each chapter want to get know your individual personality and values. To reflect these things, wear whatever you feel most comfortable in. But if you find yourself really torn, reach out to your Recruitment Guide and ask her for help!

Tip #3: Remember this process is about YOU! If your roommate or best friend from high school end up with different chapters than you do, don't stress; this process is unique to every woman going through it! You can be best friends with women in and outside of your chapter, but no matter what stay true to yourself.

Tip #4: Time management is key! While recruitment can be an exciting and intense time, women who manage their time will find the process much easier than those who do not! Remember to allow enough time for your meals, homework, and sleep during recruitment - take advantage of the breaks during the weekdays. Being early to all events/parties is key to a successful recruitment.

Tip #5: Keep an open mind. When you receive your schedule from your Recruitment Guides at the beginning of each round, you may receive a schedule different from what you ranked during selections. Don't get discouraged. Trust the process and keep going.

Frequently ASKED QUESTIONS

I am a legacy, does that mean I am guaranteed to get into that sorority? No. Each sorority has their own policies regarding legacies. While it can be exciting to have a connection or tie to a chapter, the most important part is to keep an open mind through the recruitment process and find the best fit for YOU.

Each chapter selects their own membership and being a legacy does not mean you will get a bid to join.

Please see individual chapter pages in this booklet for who each chapter considers legacies. For questions or concerns regarding legacy policies please contact the chapter's national advisor listed on the chapter page.

Are letters of recommendation mandatory for women to go through the recruitment process?

Letters of recommendation are NOT mandatory for the recruitment process. They will also not impact your chances of receiving a bid.

What are the expectations for a woman going through Panhellenic Recruitment? The most important expectation is to have a good attitude. The recruitment process can be a long and stressful one, but it is important to keep positive and trust the Recruitment Guides and Panhellenic Recruitment Team.

The other important expectation is that you attend ALL recruitment events, including orientation and all events on your schedule each day.

Please see the "Potential New Member Expectations" page for a list of all expectations.

What if I have class and I need to miss a recruitment event?

If you have class or another important obligation it is understandable to miss a recruitment event. If you have class, notify your Recruitment Guide and she will help you to register your excuse on the recruitment website.

If you register your excuse, chapters will be able to see that and may still invite you to the next round. However, missing an event can greatly impact your recruitment experience and we recommend changing the conflict, unless it is class, to avoid missing any events. Remember if you do not have an excused absence and you miss an event it may result in you being removed from recruitment.

How do sororities decide who to invite back to their events?

Recruitment is a mutual selection process. This means PNMs rank the sororities they would most like to return to, and the chapters provide a list of PNMs they would like to invite back. Those two lists are matched, and that is how schedules for the following day are created. It is important to know that every sorority has a different, private process they go through in completing their lists.

How do I decide which sorority to join?

The Panhellenic recruitment structure is created so you are able to meet women from every chapter and get a glimpse of how you may fit into their chapter. While ultimately the decision is only one you can make for yourself, there are many resources to help make the process and decisions a bit easier.

Recruitment Guides are counselors who support you through the decision-making process and are trained to help both with the college transition and recruitment process. If you are torn about what chapter to join, reach out to your Recruitment Guide or anyone on the Panhellenic Council and have them process with you.

Someone told me I'm guaranteed a bid, should I believe her?

No. One individual member cannot guarantee a woman will be able to join any organization. Sorority members are not allowed to promise membership to any potential new member. If a member tells you that you are "guaranteed" to be in her organization, let your Recruitment Guide or another authority figure know ASAP, in private, and she will handle it accordingly.

If I decide to withdraw from Fall recruitment can I go through recruitment in the spring?

Michigan State does not offer a formal spring recruitment process. Not every chapter will participate in spring recruitment.

What if I do not want to accept a bid from a chapter?

After the Preference Round of recruitment, Potential New Members will sign a Membership Recruitment Acceptance Binding Agreement (MRABA). This is a binding contract that says that the Potential New Member agrees to accept a bid for membership from the chapter(s) she has listed on the agreement. If a PNM decides to not accept the bid, she must wait one full calendar year to go through the formal recruitment process again.

What is the time commitment involved being in a sorority?

As a new member in a sorority you should expect a few meetings a week. Being a member of a sorority is a big time commitment. Meetings range from chapter, sisterhood events, philanthropy events and more. In the end, the experience is what you make of it. While few events are actually mandatory, women who participate in a wide range of chapter events will get more of being in a chapter.

Signing MRABA

At the completion of the primary recruitment period, all women are given the option to sign a Membership Recruitment Acceptance Binding Agreement (MRABA). In order to receive a bid from a sorority on campus, the MRABA must be signed. The purpose of the MRABA is to ensure your awareness of the commitment you are making when you submit your final selections. Please carefully consider the following points as you complete your MRABA

Your options when considering your agreement are:

- You may choose not to complete an agreement at this time.
- You may choose to list any women's fraternity/sorority whose preference (last) event you attended and from which you are willing to accept an invitation to membership (a bid).
- You may choose to limit your choices to just one or list any women's fraternity/sorority whose preference round (last) event you attended and are willing to accept membership. Please note that by not listing the maximum number of events you attended you may be limiting your potential to join any other NPC group during this recruitment should you not be placed with your choice(s). Being a member of a sorority is a big time commitment.
- When you sign this binding agreement, you are agreeing to accept an invitation to membership from any NPC fraternity/sorority that you have listed.
- Once the acceptance agreement has been turned in to the representative of the College Panhellenic Association, it cannot be altered or changed.
- If you receive an invitation to membership (a bid) from any NPC group that you listed and do not accept it, you will be ineligible to join any other NPC women's fraternity/sorority on the campus until the beginning of the next primary membership recruitment period.
- Read and explain the Unanimous Agreements III. 4. Panhellenic Compact from the NPC Manual of Information 19th Edition.
- If you do not receive an invitation to membership (a bid) from any NPC group you have listed, you will be eligible for continuous open bidding if/when space allows. You must understand that not all NPC groups will have available spaces for new members for the academic year.

Prevention, Outreach, and Education (POE)

The Prevention, Outreach and Education (POE) Department promotes safety and improves quality of life by educating members of the MSU campus community on sexual assault and relationship violence, eliminating violence on campus, empowering staff, faculty and students to become advocates for a non-violent community and positively affecting social change. Additionally, POE provides relationship violence and sexual misconduct education that is focused on engaging the campus community in prevention. This education includes the Greeks Take the Lead Program which serves as a way to help fraternity and sorority students feel empowered by providing further education on how they can intervene and end sexual violence in their chapters and greater community.
